

Automatic Capsule Filling Machine

ACF-800

Applications:

Hard Capsule Filling is suitable for filling the capsule of powdery and granular drugs.. It can automatically completely capsule feeding, separating, filling, (waste capsule rejecting), capsule closing, finished product discharging and die cleaning

Technical Detail:

• Capacity(capsule/min)	800
• Quantity of die holes	6
• Capsule size	No.00-5
• Fining precision	>99%
• Vacuum degree	0.02-0.06Mpa
• Noise	<80dBA
• Dust collector	130m ² /H
• Overall dimension(mm)	970x820x1900
• Weight (kg)	900kg
