

Induction Sealing

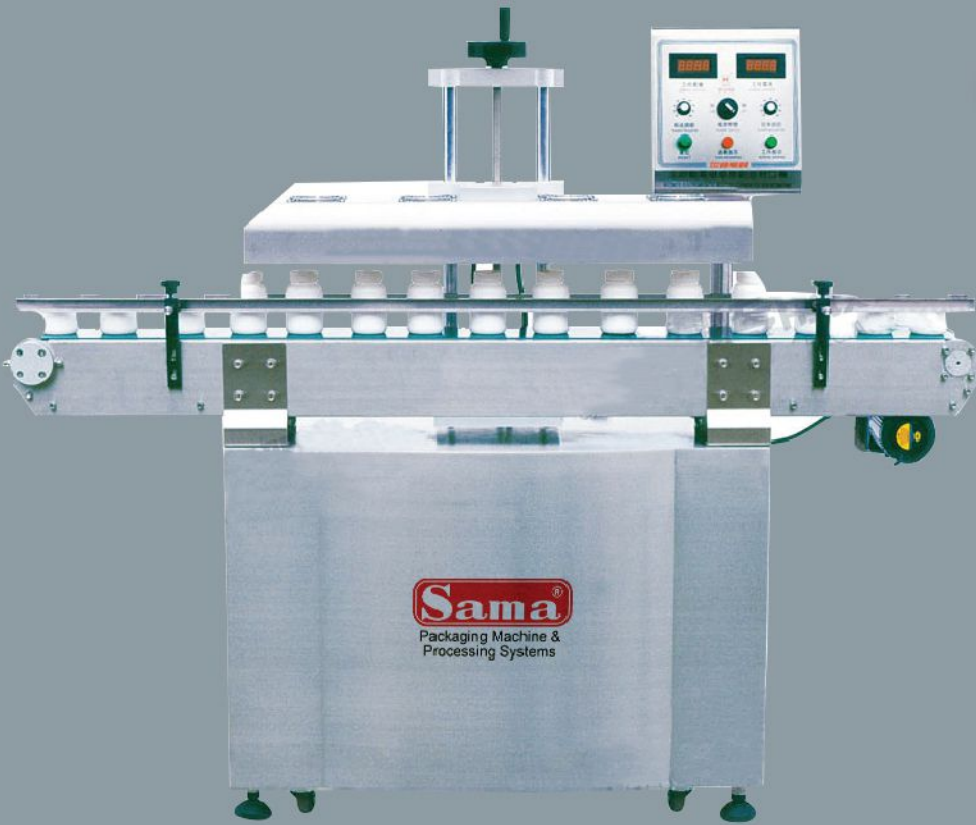

INS-01

Applications :

It is used for the aluminum foil sealing of all kinds of round, square and special-shaped bottles for foods, medicines, cosmetics, daily chemicals, etc.

Technical Detail:

- Power diameter AC220V 50/60Hz 4500W
- Seal diameter ϕ 15-60mm / ϕ 30-121mm
- Sealing speed 0-280 Bottle/min
- Host size 1500x400x1255mm
- Packing size 1580x420x880mm
- Weight 75kg

INS-T1

Applications :

It is used for the aluminum foil sealing of all kinds of round, square and special-shaped bottles for foods, medicines, cosmetics, daily chemicals, etc.

Technical Detail:

- Voltage 220V50/60HZ
- Power 1.5KW
- Capacity 1-30/min
- Sealing Diameter 79" to 1.96"
- Height of bottles 1.57" to 7.87"
- Machine weight 85 lbs
- Machine size 45.2"x19"x15.75"
