

INS - 01**Induction Sealing****Applications:**

It is used for the aluminum foil sealing of all kinds of round, square and special-shaped bottles for foods, medicines, cosmetics, daily chemicals, etc.

Technical Details:

- Power AC220V 50/60Hz 4500W
- Seal Diameter ϕ 15-60mm / ϕ 30-121mm
- Sealing Speed 0-280 Bottle/min
- Host Size 1500×400×1255mm
- Packing Size 1580×420×880mm
- Weight 75kgs

**INS - T1****Table Top Induction Sealing****Applications:**

It is used for the aluminum foil sealing of all kinds of round, square and special-shaped bottles for foods, medicines, cosmetics, daily chemicals, etc.

Technical Details:

- Voltage 220V50/60HZ
- Power 1.5KW
- Capacity 1-30/min
- Sealing Diameter 48 - 200 mm
- Height of Bottles 39 - 200 mm
- Machine Weight 85 lbs
- Machine Size 1149x483x400mm
