

# TABLET & CAPSULE SERIES

## TCM-17 COATING PAN

### Applications:

It is used for coating pharmaceutical tablets, Gableton tablets etc..

## Special Features

- The control system composed of PLC and HMI has reasonable design and flexible programming.
- It can meet the needs of various pharmaceutical processes.
- Reliable operation, stable performance, in line with GMP requirements.

## Main Data

- Capacity  
-3 to 500kgs
- Total Height  
-400 kg
- Dimensions  
-500x700x1200mm
- Tablet Shape  
-Any
- Tablet Size  
-Any
- Weight  
-400 kg
